Education

B.E(Mechanical Engineering)

Shri Shankaracharya Institute of Technology and Management

2014 - 2018

CBSE (Higher Secondary Education)

Sri Sankara Vidyalaya

2013 - 2014

CBSE(Senior Secondary Education)

Sri Sankara Vidyalaya

2011 - 2012

Skills

HTML/CSS	Core Java
Javascript	Springboot
Typescript	RESTful API
React.JS	Hibernate
ES6+	Spring data JPA
Redux	Microservices
JIRA	GIT
Prompt Engineering	SQL
	AGILE/SCRUM
AI-Assist Development	Cursor

Professional Experience

2025-

Present

Stefanini Group (Amdocs Client).

Software Engineer

Three UK - Three UK(Hutchison 3G UK Ltd), a major UK telecommunications provider.

- Developed responsive React.js UI for device catalog, plan selection, order, and payment-related workflows.
- Integrated React applications with RESTful APIs for product, customer, and order data.
- Worked with Java/Spring Boot backend APIs for data retrieval and application-level business operations.

Tech Stack: Java, Spring Boot, RESTful APIs, Microservices, React.js, JavaScript, Redux, Redux Saga, Tailwind CSS

Vodafone Romania -

Worked on Vodafone Romania's enterprise retail platform, built using a microservices-based architecture, enabling store representatives to manage customer orders for mobile, broadband, TV, and fixed-line products.

- Developed React.js features for customer onboarding, product selection, order creation, and order management workflows.
- Developed and integrated RESTful APIs using Java/Spring Boot for customer, product, and order-related operations.
- Implemented backend business logic with request/response models, validations, and exception handling, along with API integration.
- Worked with Spring Data JPA/Hibernate and MySQL for application data retrieval and persistence.
- Built a React-based Simulator UI with SSH integration to manage server-side data through a centralized interface.

Tech Stack: Java, Spring Boot, RESTful APIs, Spring Data JPA, Hibernate, MySQL, React.js, JavaScript, Redux, Redux Saga, Unix, SSH, Cursor AI

Language

- English
- Hindi
- Punjabi

ACHIEVEMENTS

- Certificate of Appreciation (Coforge)
- Certificate of Recognition (Amdocs)
- Mentored junior developers, enhancing project efficiency by 20%.

Certificates

- Java Fundamentals Udemy
- Javascript Essentials Letsupgrade certification
- React.JS Essentials Letsupgrade certification

Interests

- Travelling
- Swimming
- Dancing
- Poem Writing

Professional Experience

2023

-

2025

Coforge Limited.

Senior Software Developer

Toyota — Manufacturing Operations Management Platform
Worked as a Senior Software Developer on an application supporting manufacturing plant operations, including invoice generation, parts scanning, container packaging, and truck loading for shipment.

- Integrated frontend applications with RESTful APIs for retrieving and updating manufacturing and shipment-related data.
- Worked with Java/Spring Boot backend services for application-level business logic, validations, and data processing.
- Used Redux and TypeScript to build reusable components and manage application state across manufacturing workflows.

Tech Stack: Java, Spring Boot, RESTful APIs, React.js, JavaScript, TypeScript, Redux, HTML5, CSS3

PurpleTalk India Pvt. Ltd.

Associate Analyst

EHC -

- Developed a healthcare application for US clients using Agile methodology, implementing functional React components with Redux.
- Built a patient feedback platform for medical instruments/assets, collecting treatment experiences and using feedback to support asset recommendations for other users.

Tech stack : Javascript, DOM manipulation, React.JS, Typescript, Webpack, Babel

SleepQuest -

- Worked on an Agile-based application, handling assigned development tasks within defined timelines and building class-based React components with Redux.

2019

-

2021

Kantar Analytics Practice

Software Engineer

- Worked as a Software Engineer for Philip Morris International (US Client).
- Worked on a project for segregating different project data received from third-party sources & showcasing the data in dashboards, enabling the client to analyze where their products lie in the market.
